What is it about?

This privacy policy meets the legal requirements for transparency in the processing of personal data. This is any information relating to an identified or identifiable natural person. This includes, for example, information such as your name, age, address, telephone number, date of birth, e-mail address, IP address, or user behavior when visiting a website. Information for which we cannot (or only with disproportionate effort) establish a connection to your person, e.g. through anonymization, is not personal data. The processing of personal data (e.g. the collection, retrieval, use, storage, or transmission) always requires a legal basis and a defined purpose.

Stored personal data will be deleted as soon as the purpose of the processing has been achieved and there are no legitimate reasons for further storage of the data. We will inform you about the specific storage periods or criteria for storage in the individual processing operations. Irrespective of this, we store your personal data in individual cases for the assertion, exercise, or defense of legal claims and in the event of statutory retention obligations.

Who receives my data?

We only pass on your personal data that we process on our website to third parties if this is necessary for the fulfillment of the purposes and is covered by the legal basis (e.g. consent or protection of legitimate interests) in individual cases. In addition, in individual cases, we pass on personal data to third parties if this serves the assertion, exercise, or defense of legal claims. Possible recipients may then be, for example, law enforcement authorities, lawyers, auditors, courts, etc.

Insofar as we use service providers for the operation of our website who process personal data on our behalf as part of order processing in accordance with Art. 28 GDPR, they may be recipients of your personal data. You can find more information on the use of processors and web services in the overview of the individual processing operations.

How about cookies?

Cookies are small text files that are sent by us to the browser of your end device and stored there when you visit our website. As an alternative to the use of cookies, information can also be stored in the local storage of your browser. Some functions of our website cannot be offered without the use of cookies or local storage (technically necessary cookies). Other cookies, on the other hand, enable us to carry out various analyses, so that we are able, for example, to recognize the browser you are using when you visit our website again and to transmit various information to us (non-essential cookies). With the help of cookies, we can, among other things, make our website more user-friendly and effective for you, for example by tracking your use of our website and determining your preferred settings (e.g. country and language settings). If third parties process information via cookies, they collect the information directly via your browser. Cookies do not cause any damage to your end device. They cannot execute programs or contain viruses.

We provide information about the respective services for which we use cookies in the individual processing operations. Detailed information on the cookies used can be found in the cookie settings or in the Consent Manager of this website.

Restriction of processing pursuant to Art. 18 GDPR if the accuracy of the data is contested, the processing is unlawful, we no longer need the data and you oppose their erasure because you

You will receive your data in a structured, commonly used, and machine-readable format or we will transmit the data directly to another controller if this is technically feasible.

Objection pursuant to Art. 21 GDPR to the processing of your personal data, insofar as this is carried out on the basis of Art. 6 para. 1 lit. e, f GDPR and there are reasons for this arising from your particular situation or the objection is directed against direct advertising. The right to object does not exist if compelling and legitimate grounds for the processing can be demonstrated or the processing is carried out for the establishment, exercise, or defense of legal claims. If the right to object does not exist for individual processing operations, this is indicated there.
